BULLETIN NUMBER TWO

FEB. 1ST, 1912

GENEVA NURSERIES

Field Investigations in Pathology
RECEIVED
FEB 6 1912
Answered.....

YOUNGERS & CO.

: : PROPRIETORS : :

: : Long Distance Phone 44 : :

GENEVA, NEBRASKA

Entomologist's Certificate of Nursery Inspection.

This is to certify that on the 11th day of September, 1911, I personally examined the growing stock and premises of the Geneva Nurseries, Youngers & Co., Proprietors, Geneva, Nebraska, and found no San Jose scale nor indication that it had ever been present in the nursery or its vicinity. The stock is apparently in a healthy condition and free from other dangerous insect pests and fungous diseases.

This certificate is good for one year from date.

Myron H Swenk

Assistant Entomologist.

TO THE TRADE

Everything offered in this Bulletin is first class for the grade mentioned. Here at Geneva we had more than our normal rainfall the past summer and all kinds of nursery stock made a splendid growth.

Our apple trees are the best we have grown for years, and have a little better height than usual for the caliper mentioned. We know they will please you. Prices are made subject to previous sales. Boxing extra.

GUARANTEE OF GENUINENESS.—While we exercise the greatest care to have all stock true to label, it is mutually agreed between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally paid for the stock that may prove untrue.

TERMS.—Cash, unless specially agreed. Remit by bank draft, post-office or express money order. C. O. D. orders must be accompanied by one-fourth of the amount of the order. Telegraph orders from known responsible parties will receive prompt attention. In telegraphing use the Nurseryman's Code.

CLAIMS.—All claims for errors must be made at once upon receipt of goods.

CAUTION.—We accept all orders on the condition that they shall be void should any injury befall the stock from hail, fire, frost, or other causes over which we have no control.
